

Child Care Services Update – April 16, 2020

Dear Child Care Provider,

The Tennessee Department of Human Services continues to explore opportunities to support you in caring for children during these extraordinary circumstances. We are asking Child Care Agencies that are CURRENTLY OPEN to complete a survey to provide us with information that helps us understand what your operations look like due to the impact of COVID-19. We appreciate your feedback and hope you will take this time to respond, as we want to be able to maximize the resources needed to support you in maintaining viability during this time.

[Click Here to Complete this Short Survey](#)

Please respond to the survey by April 22, 2020.

Thank you for your time and your service to Tennessee families.
